

Who Uses: Patriot 12% Surmount (605631)

A horse owner/trainer requiring extra energy and fibre to enhance the performance of horses in physically demanding roles.

Description

This pelleted ration contains increased fat and fibre levels. Increasing the fat level with vegetable oil makes a readily available energy source. Using highly digestible fibre sources aid in digestion and healthy hindgut activity. Patriot 12% Surmount can be fed in growing, training, racing, eventing and showing. It offers flexibility and versatility to all horse disciplines.

Features

- Elevated fat levels from addition of vegetable oil.
- Increased fibre level.
- Contains yeast culture (yea-sac 1026).
- Flexibility/versatility.
- Higher level of Vitamin E
- Contains chelated trace minerals.

Benefits

- Increases energy available for peak performance.
- Promotes hindgut health.
- Lowers gut acidity, contributes to overall digestion
- One feed offers simple practices for many feeding challenges.
- A powerful antioxidant to enhance immune response and improve tissue regeneration after strenuous exercise.
- For increased bioavailability of those nutrients essential for immune response, hoof health, bone and cartilage development.

Directions For Use:

Feed ½ to 1 ½ kg of Masterfeeds Patriot 12% Surmount per 100 kg of body weight for the active horse. According to the amount of work performed, the condition of the horse and the quality of the hay or grass. Contact your Masterfeeds representative for more information.
